31st March 2010

SAMPE UK & Ireland Chapter AGM and Technical Visit

Princess Yachts

Coypool Training School

PL7 4NW

Wednesday 19th May 2010

Princess Yachts are keen to showcase themselves as they push forward and break the stereotypes that some people have surrounding marine manufacturers. As such, they are keen to spread the word on the technologies they have developed and the direction in which they are moving.

Princess Yachts see a SAMPE Technical Visit as a perfect stepping stone with which to do this, as the organisation caters for such a wide spread of industries.

All attendees are welcome to the presentation; however **Princess Yachts** reserves the right to limit access to the tour of their facilities if competitor / commercial interests could be compromised.

Programme:

0930: Arrival, coffee.
10.00: Welcome to Princess Yachts, Julian Spooner
11.00: Tour of Facility
12.30: AGM
13.30: Lunch
14.15: Dispersal

14.30: Possible Committee Meeting

Please respond via email as soon as possible indicating your intention to attend.

David Carlton, Hon. Secretary
